PROFESSIONAL SUMMARY

Detail-oriented and analytical B.Tech graduate in Artificial Intelligence and Data Science with hands-on project experience in data-driven planning systems. Proficient in Excel, SQL, Python, and Power BI, with a strong foundation in data cleaning, visualization, and insight generation. Eager to apply analytical skills to solve real-world business problems as a Data Analyst.

EDUCATION

B.Tech in Artificial Intelligence and Data Science 2026

Panimalar Engineering College Chennai City Campus (Anna University)

Higher Secondary (12th) — CBSE 2022 | 76%

Lalaji Memorial Omega International School

Secondary School (10th) — CBSE 2020 | 89%

Lalaji Memorial Omega International School

TECHNICAL SKILLS

- Programming & Querying: Python, SQL
- Data Visualization: Power BI
- Spreadsheet Analysis: Microsoft Excel (formulas, pivot tables, charts)
- Core Competencies: Data cleaning, exploratory data analysis, dashboarding, reporting
- Design Tools: Figma (basic)

PROJECTS

Sales Performance & Revenue Analytics SQL · EDA · Business Intelligence

- End-to-end retail analytics project covering revenue, profit, product performance, regional trends, customer segments, and discounts.
- Cleaned and validated transaction-level sales data using Python.
- Answered 12 business questions using SQL and SQLite.
- Built an interactive HTML dashboard with KPI summaries and visual analysis.

Tools: Excel, SQL, Python, Pandas, SQLite, Chart.js

AI-Driven Production Planning Final Year Project

- Designed and developed an AI-based system to optimize production planning using data-driven forecasting and analysis techniques.
- Applied Python and SQL to process and analyze production data, identifying patterns to support planning decisions.
- Built visual dashboards to present key production metrics and support data-backed decision-making.

INTERNSHIP

UI/UX Intern — TCSion RIO (Remote)

- Completed a remote internship focused on UI/UX design principles as part of the TCSion RIO program.
- Gained exposure to design thinking and user-centric problem-solving approaches, complementing analytical skill set.

CERTIFICATIONS

- Google Data Analytics Certificate
- AWS Academy Cloud Foundations
- Information Security TCSion Certification
